GARY E. SCHAFFEL, MD

► MISSION

Our country is privileged to have the highest quality and most sophisticated healthcare available in the world. Unfortunately, our healthcare system has made it difficult for you and your physician to have the personalized relationship that defines quality care for many of us. Our practice is here to change that dynamic.

We focus on fewer patients and deliver outstanding care and service. We are committed to providing Today's Medicine with Yesterday's Values.

► PRACTICE

Gary E. Schaffel, MD
